

Dump Truck Dash

SPECIFICATIONS

Age Range	18mo-12yr
Type of Play	imaginative; quiet/calming
Motor Skills	fine motor skills; hand-eye coordination
Sensory	tactile; visual
Cognitive	focus/concentration
Materials	3/4" thick compression-molded UV-stabilized HDPE; stainless steel hardware
Colour Options	available in various colour schemes

OVERVIEW

The Dump Truck Dash interactive panel puts kids in the driver's seat of their own construction adventure. Children move small dump trucks along a winding path, transferring loads from one truck to the next before filling a large dump truck and emptying it out to start again. This engaging, hands-on activity encourages fine motor development and sequencing skills while delivering satisfying, repeatable play. If sand or gravel are not readily available, kids will come up with creative solutions such as twigs, candies or coins.
