

Blinko

OVERVIEW

The Blinko interactive panel puts hand-eye coordination to the test. By turning the large wheel left or right, players guide a puck through a field of pins, watching it bounce and deflect on its way toward the final goal of 1, 2 or 3. Kids can take turns to see who can get to 10 first or they can create their own rules for the game.

SPECIFICATIONS

Age Range	18mo-12yr
Type of Play	solitary or shared
Accessibility	accessible with appropriate design & surfacing
Motor Skills	fine motor skills; hand-eye coordination
