| <b>Colour Options</b> | available in various colour schemes   |

## OVERVIEW

The Blinko interactive panel puts hand-eye coordination to the test. By turning the large wheel left or right, players guide a puck through a field of pins, watching it bounce and deflect on its way toward the final goal of 1, 2 or 3. Kids can take turns to see who can get to 10 first or they can create their own rules for the game.
