

Disc Golf Basket – Portable

SPECIFICATIONS

Model Number	RC-510P
Colour Options	available in the polyester powder colour of your choice

OVERVIEW

Our commercial-quality, portable Disc Golf Basket is designed and manufactured in Canada for supreme durability and functionality. The portable version is perfect for as a demonstration target, to add a hole to a course for tournament play or for backyard use.

- post, trapper basket and top constructed of durable powder-coated steel
- features 16 strands of galvanized steel chain to maximize catchability
- available in both in-ground and portable designs

Disc golf offers year-round recreation for all ages and skill levels and can easily be added to existing parks, green spaces or trail systems.
