

# Double Tier Illini Shelter

## SPECIFICATIONS

<b>Model Number</b>	Illini
<b>Design Options</b>	Available in various sizes and styles.

## OVERVIEW

The Double Tier Illini Shelter provides protection from the elements in any outdoor environment. The stylish design can easily be incorporated into any project. Available in a wide variety of colour combinations.

Pre-fabricated, powder-coated steel frame has four sides and is available in your choice of tapered C-channel or tubular steel. Extruded aluminum gutters and channels are sent on standard units. Structural, interlocking roof panels offer superior strength and fewer supports.
