

Giant Stride

OVERVIEW

Upper body action meets spinning fun in the Giant Stride playground spinner. Children reach up to hang from suspended steel rungs as they spin, adding an engaging upper-body challenge alongside the sensory and coordination benefits of rotational movement. Riders can build momentum with a few giant strides and let themselves fly, creating a dynamic experience that blends strength, grip and balance with fast-paced spinning action.

SPECIFICATIONS

Model Number	CN-755
Area Required	8.0m x 8.0m (26' x 26')
Age Range	5-12yr
Type of Play	cooperative group play; physical
Features	accommodates multiple users; spinning activity; upper body activities
Motor Skills	coordination; grip strength; upper body strength
Sensory	proprioception; spatial awareness; vestibular
Social/Emotional	cooperation
Materials	anti-rust zinc-plated steel chain; powder-coated steel; stainless steel hardware
Colour Options	available in various colour schemes
