## OVERVIEW

The Ninja Wall with Fireman's Pole is a test of strength, agility, and determination! Crafted from durable rubber with a powder-coated metal frame, this vertical climber offers a thrilling challenge for budding warriors. Kids must summon their inner ninja as they scale the the wall with speed and precision. Four cut-out handholds and a handle at the top help challengers make it all the way up. Zoom down the Fireman's pole and you're ready for the next challenge. An ideal choice for a Blue-Kour obstacle course.
