

Nunatak with Crawl-Thru

SPECIFICATIONS

Age Range 5-12yr

Design Options available with various themes/images; connectable in multiples for added height and play value

Heights Available 74" max; requires multiples for decks higher than 46"

Type of Play physical

Motor Skills agility; coordination; lower body strength; motor planning

Materials 3/4" thick compression-molded UV-stabilized HDPE; powder-coated steel; stainless steel hardware

Colour Options available in various colour schemes

OVERVIEW

The Nunatak with Crawl-Thru playground climber encourages vertical climbing and scaling with built-in hand and footholds for added support. Positioned perpendicular to the platform, it requires a more challenging lateral entry. Its crawl-thru hole adds visual interest and opens up new play opportunities, allowing kids to crawl, peek through, and explore as they navigate the structure.
