<b>Motor Skills</b>	agility; coordination; lower body strength; motor planning
<b>Materials</b>	powder-coated steel; powder-coated zinc-plated chain; stainless steel hardware
<b>Colour Options</b>	available in various colour schemes

## OVERVIEW

The Side Climb features rungs suspended on chain, adding a dynamic, moving element to the ascent. Positioned perpendicular to the platform, it requires a lateral approach, giving children a slightly trickier entry onto the deck. The Side Climb offers a fun way to challenge coordination and balance.
