Sensory	proprioception; vestibular
Social/Emotional	turn-taking
Materials	3/4" thick compression-molded UV-stabilized HDPE; powder-coated steel; stainless steel bedway; stainless steel hardware
Colour Options	available in various colour schemes

OVERVIEW

With its twisty design, the Stainless Steel Spiral Slide offers a fun ride with a compact footprint. Crafted from durable steel with a stainless steel bedway, it's built to withstand heavy use, harsh weather and vandalism. Its static-free surface makes it a thoughtful choice for children with cochlear implants.
