OVERVIEW

Enter the realm of adventure with the StoneWood Log Tunnel. Crafted from durable glass fiber-reinforced concrete and expertly stained for long-lasting resilience, this tunnel embodies both strength and aesthetics. Whether crawling through its sturdy structure or playing atop its inviting surface, kids will find endless possibilities for play and interaction with the StoneWood Log Tunnel. Its versatility allows it to integrate into various playground settings. The stained exterior not only enhances its durability but also adds a touch of natural elegance, creating a natural look that blends seamlessly with outdoor surroundings.
