

Swing Parts

SPECIFICATIONS

OVERVIEW

Safety Chain: SP-529

4/0 long link. Zinc coating with SilverShield finish ensures maximum corrosion resistance.

Swivel: SP-32

Oil-infused bronze bushing for durability and smooth swing action.

Hammerlock: SP-541

Strong, secure and maintenance-free galvanized steel connector.

S-Hook: SP-535

Used to fasten chain to swing hangers and seats. Must be closed properly to prevent pinching hazards.
