

We Rock E-Z2

OVERVIEW

The We Rock E-Z2 inclusive rocker lets children of all abilities rock together. Designed with pediatric occupational therapists, it features a bench seat on one side and two gently reclined E-Z seats on the other. The supportive E-Z seats include comfy rubber belting and side rails, helping children with limited body control enjoy bouncing. The spacious center area with grip bar adds extra room to sit or perch. Optional E-Z Snap harnesses provide additional support.

SPECIFICATIONS

| | |
|-------------------------|---|
| Model Number | CN-1016-2EZ |
