OVERVIEW

The 40' Zoomerang Zipline brings fast-paced excitement to school and community playgrounds. This track-style commercial zipline is built tough for heavy public use and features a ramped starting platform, comfortable rubber seat and smooth back-and-forth ride. As kids zoom across the playground, they build balance, coordination and confidence while enjoying a fun sensory-rich play experience that encourages social interaction and active play.

Notes:

Seat not included (order separately).
